INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

Applicant's or agent's file reference 620002-2930	FOR FURTHER see Form PCT/ISA/220 ACTION as well as, where applicable, item 5 below.		
International application No. PCT/US05/05088	International filing date (day/month/year) 16 February 2005 (16.02.2005)	(Earliest) Priority Date (day/month/year) 19 February 2004 (19.02.2004)	
Applicant GEORGIA TECH RESEARCH CORP.			
according to Article 18. A copy is bein This international search report consists	n prepared by this International Searching Aug transmitted to the International Bureau. s of a total of sheets. ed by a copy of each prior art document cited		
language in which it was filed,	e international search was carried out on the bas unless otherwise indicated under this item.		
	al search was carried out on the basis of a transly (Rule 23.1(b)).	ation of the international application furnished	
b. With regard to any nucleon	tide and/or amino acid sequence disclosed in t	he international application, see Box No. I.	
2. Certain claims were found	d unsearchable (See Box No. II)		
3. Unity of invention is lacki	ng (See Box No. III)		
4. With regard to the title, the text is approved as sub	mitted by the applicant		
<u> </u>	ed by this Authority to read as follows:		
Micro-fuel cells and method of making	d by this Authority to read as follows:		
5. With regard to the abstract,			
the text is approved as subr	nitted by the applicant.		
	d, according to Rule 38.2(b), by this Authority and the date of mailing of this international search		
6. With regard to the drawings, a. the figure of the drawings to be	published with the abstract is Figure No.	-	
as suggested by the	e applicant.		
as selected by this	Authority, because the applicant failed to sugge	est a figure.	
as selected by this	Authority, because this figure better characteriz	es the invention.	
b. none of the figures is to be	published with the abstract.

inis internati	Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet onal search report has not been established in respect of certain claims under Article 17(2)() South 2 it
	onal search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:
1.	Claims Nos.:
	because they relate to subject matter not required to be searched by this Authority, namely:
	and to be searched by this Authority, namely:
2.	Claims Nos.:
	because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:
3.	Claims Nos.: because they are dependent claims and are not door at the same to be a
	because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).
Box No. III	Observations where unity of invention is lacking (Continuation of item 3 of first sheet)
This Internatio	
Please See Cor	nal Searching Authority found multiple inventions in this international application, as follows:
A P A	As all required additional search fees were timely paid by the applicant, this international search report covers all earchable claims. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite asyment of any additional fee. As only some of the required additional search fees were timely paid by the applicant, this international search report overs only those claims for which fees were paid, specifically claims Nos.:
S A P A CO	as all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite ayment of any additional fee. Is only some of the required additional search fees were timely paid by the applicant, this international search report overs only those claims for which fees were paid, specifically claims Nos.: In required additional search fees were timely paid by the applicant. Consequently, this international search report is tricted to the invention first mentioned in the claims; it is covered by claims Nos.:
